Customer Commission (CC):

Set dollar amount assigned to each product that is paid direct to DBO for the sale of related Life TRNDS, Inc. product. To qualify for commissions, a DBO must have (1) active customer or be the customer themselves.

Compression:

A DBO is not considered qualified if they themselves are not a customer or do not have a direct active customer. Then that DBO will not be qualified for any commissions and not considered a “tier” within sponsorship pay structure. Any unmet customer qualification will compress upline. Once DBO is qualified with required qualification then that DBO will be considered a “qualified” DBO. Qualification status is based and calculated calendar month to month with qualification status available to each calendar month.

Digital Business Owner (DBO):

Once DBO is approved each DBO has the marketing rights to represent Life TRNDS, Inc. related products with an expectation to earn income from selling products and no expectation to earn any income from recruiting another DBO. DBO has the ability to build a sales team of other DBO's by recruiting and enrolling each DBO within related Life TRNDS, Inc. policies and procedures.

Downline:

Individual DBO that enrolls another DBO that enrolls other DBOs resulting in an organization structure connected by enroller. DBO related business opportunity upfront and monthly fees are NON-commissionable.

End Consumer – (EC):

Non- DBO that purchases commissionable product, and or service, from a DBO replicated website, or if consumer is a Luxury Benefits Subscriber and purchases products from the wholesale shopping network is also considered an end consumer with any related commissions credited to the enroller DBO. An “end consumer” does not participate as a DBO nor receives any financial compensation.

Enrollee:

A DBO that is enrolled by another DBO.

Enroller:

A DBO that personally recruits another DBO and is structured in the enroller downline. There is NO financial consideration offered to any enroller for recruiting another DBO.

GigaBucks:

The commission paid is comprised of: 80% Cash and 20% GigaBuck\$. This formula is paid through \$10,000 per month. After which the formula adjusts to 95% Cash and 5% GigaBuck\$. GigaBuck\$ are digital currency valued at a ratio of 1:1 (\$1 USD to \$1 GigaBuck). GigaBuck\$ can be used "same as cash" for Hotel and Resort accommodations booked through the LifeTRNDS online booking engine.

Line of Sponsorship (LOS):

When a DBO enrolls another DBO, that DBO becomes a "LOS" to the enroller. The LOS DBO who enrolls other DBO's and those DBO's enroller other DBO's that complete line is considered a lineage tied to the upline structure. An enrolled DBO lineage generates commissions up to 10 tiers.

Tier:

A DBO who enrolls another DBO constitutes a "Tier". A DBO can be paid up to a maximum 10 tiers with commissions for a "qualified DBO". Tiers can be unlimited in width. Uplines are paid certain percentages of downline qualified tiers and those tiers that are not qualified will compress.

Upline:

The \$2.00 commission is paid through 10 tiers of referrals.

eGig Referral 10 Tier System

This referral plan does not extend beyond 10 tiers of commission. A DBO may personally refer as many as they want but commissions are only paid on 10 tiers.

Tier 1:

In the example below, the DBO has 3 personal referrals who purchase the Business Package. Each of those 3 people get 2 customers each. (They could be Luxury Benefits customers or Business Package customers.) This makes a total of 6 customers for a total monthly commission of \$12.00

Tier 2 and beyond:

Just like Tier 1, each of the subscribers has 3 personal referrals, and gets 2 customers each. This makes a total of 9 customers for a monthly commission of \$36.00. Add Tier 1 commission to your total and you have a total of \$48.00. As the chart progresses you can see how the numbers grow exponentially.

Referral Tiers	# of DBOs*		Customers**		Total Customers		Earnings per Customer		Total Earnings per Tier	Total Monthly Commission***
1	3	X	2	=	6	X	\$2.00	=	\$12.00	\$12.00
2	9	X	2	=	18	X	\$2.00	=	\$36.00	\$48.00
3	27	X	2	=	54	X	\$2.00	=	\$108.00	\$156.00
4	81	X	2	=	162	X	\$2.00	=	\$324.00	\$480.00
5	243	X	2	=	486	X	\$2.00	=	\$972.00	\$1,452.00

*DBO's (Digital Business Owners) - There are no limitations on the number of DBO's you or anyone can enroll.

**Customers are subscribers to the Luxury Benefit Package and every DBO can have as many customers as they desire.

***80% is paid in Cash and 20% is paid in GigaBuck\$. Once you reach \$10,000 per month in earnings 95% is paid in cash and 5% is paid in GigaBuck\$
